### Features Key:

New fantasy action RPG. A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment.

Create your Own Character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic.

An Epic Drama Born from a Myth A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between.

Unique Online Play that Loosely Connects You to Others In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.

### Elden Ring

"This game is a mix of Dungeons & Dragons and Tower of Fortune, and looks like it was made specifically for the web-browser. It's a refreshing new take on hack & slash RPGs, putting you in the role of a dashing Elden Lord and allowing you to create and customize your own character to suit your play style. The dungeons are divided into a series of levels in which you're continually gaining stats and new abilities, and there are a variety of story events that occur as you traverse the expansive fantasy setting. You can also be a part of online quests, and not only do they keep the casual players entertained, but also enhance the gameplay in the local multiplayer setting. In between stages, there are several missions available where you fight for the bounty of the other players. From your class to your appearance, this is a game that takes advantage of web-browser technology in order to create a highly entertaining fantasy RPG experience. " "In Ryquas I have found what I love to play with every day. This is the first game that I really fall in love with. I want to come back every day and this helps me to keep that feeling strong". " A Fantasy RPG about a group of adventurers who have fallen into the desert, who is trying to earn enough gold to get back to home. This is a beautiful, colorful game that always keep me coming back for more. " " A JRPG adventure in which you are able to take up a number of brave challenges. Although the controls are very simple, they are still fun to play with and make you feel better at what you are doing." "A unique fantasy RPG, set in a world filled with trials and challenges. A game where you can go on quests, explore the world, and earn money with your own hand's earn opportunities. For me, it is a true RPG that will keep me coming back again and again." "It is really cool, and I love the way you're able to customize your character, just like in other RPGs. This game has lots of items that you can collect, and it is a really nice experience. I love that it is free!" "The lands between are full of well made, well detailed game elements, creating a world that is surprisingly large and large enough to be its own cosmos. But the game also manages to also be bff6bb2d33
